

Eco Council/School Council Meeting Wednesday 9th October

All members present/NB

Agenda: Secret Garden Plans

School and Eco children shared their designs and made lists of the different things they'd like in their garden.

NB/SH will take the ideas and pick out some that we could budget accordingly to create an overall design to take to the parent council.

Shall we meet after half term with the parent council to share our action plan and ideas?

School and eco councillors to look at the new plan and agree it before creating an action plan to share with parents.

Next meeting Thursday 24th October: Secret Garden action plan
